

Product Vision

DESCRIPTION

Defines the future state the product is trying to create for a specific customer and business.

DECISION IT SERVES

What future are we deliberately building toward?

1 Target users

Name the specific customers this vision is for, not a market.

Segment / persona	Why they matter	Evidence / current state	Owner / source

2 Unmet need

What is unresolved today, and what it costs the user and the business.

3 Future state

Describe the world once this works. Contrast it with today.

TODAY

FUTURE STATE

4 Product promise

One sentence the product must always be able to keep.

5 Strategic rationale

Why this is the right thing for the business to pursue now.

6 Vision statement

Write a concise, evidence-based statement. Separate facts, assumptions and open questions.

Assumptions: _____ Open questions: _____

7 Success definition

How we will know the vision is being realised.

Measure	Baseline	Target / by when	Owner / source

DECISION / NEXT STEP

Decision: _____ **Owner:** _____

Rationale / evidence: _____

Next action / date: _____
